

Superintendent of Schools

Sept. 24, 2019

Dear Parents/Guardians,

I am writing to advise you of an alleged threat made against Bert Church High School and now is being circulated amongst students and families across the City Airdrie. Our school administrators are working with the local RCMP, which is investigating the incident.

Any threat made against a school or member of a learning community will be taken seriously and will necessitate the involvement of the RCMP. Rocky View Schools (RVS) feels it is necessary to remind parents as to the consequences of a student(s) being involved in activities of this nature. Any alleged or real threat that disrupts the normal operation of a school is a serious criminal offence punishable by law. The consequences of being convicted of such a crime could result in a criminal record.

Providing a safe learning environment is a top priority for all schools in RVS. Schools remains among the safest place for our youth to be. This is due to the strong commitment of our staff and our families in creating quality experiences for students.

We appreciate your cooperation.

Sincerely,

Greg Luterbach
Superintendent of Schools
